## PERFORMANCE INFORMATION

The information in this table focuses on the performance of investment options that do not have a fixed or stated rate of return. It shows how these investments have performed in the past and allows you to compare them with appropriate benchmarks for the same time periods. Information about an option's principal risks is available through the following website, [mylife.newyorklife.com/investment\\_info](http://mylife.newyorklife.com/investment_info). Please enter code "LO6302" to view your plan investment option details.

**For funds with redemption fees, performance shown does not reflect the deduction of this fee which would reduce performance.**

Investment options are grouped according to investment objective. Within each investment objective grouping, funds are listed in alphabetical order. For more specific information, please refer to the investments' specific disclosure information.

<b>Target Date</b>										
The "target date" in a target date fund is the approximate date an investor plans to start withdrawing money. The funds generally shift to a more conservative investment mix over time. Earnings and principal value are not guaranteed at any time including the target date. Small and mid-cap stocks are often more volatile than large-cap stocks. Growth stocks may be more volatile than other stocks because they are generally more sensitive to investor perceptions and market moves. The principal risk of investing in value funds is that the price of the security may not approach its anticipated value. Foreign securities can be subject to greater risks than U.S. investments, including currency fluctuations, less liquid trading markets, greater price volatility, political and economic instability, less publicly available information, and changes in tax or currency laws or monetary policy. These risks are likely to be greater for emerging markets than in developed markets. Funds that invest in bonds are subject to interest rate risk and can lose principal value when interest rates rise. The principal value of the fund is not guaranteed at any time, including at the target date.

The cumulative effect of fees and expenses can substantially reduce the growth of your retirement savings. Visit the Department of Labor's Web site for an example showing the long-term effect of fees and expenses at [http://www.dol.gov/ebsa/publications/401k\\_employee.html](http://www.dol.gov/ebsa/publications/401k_employee.html). Fees and expenses are only one of many factors to consider when you decide to invest in an option. You may also want to think about whether an investment in a particular option, along with your other investments, will help you achieve your financial goals.

Please visit [mylife.jhrps.com](http://mylife.jhrps.com) for a glossary of investment terms relevant to this plan. The glossary is intended to help you better understand your options.

## PLAN-RELATED INFORMATION

### PLAN ADMINISTRATIVE EXPENSES

The plan may pay service providers for administrative services rendered during the year, such as recordkeeping and investment advisory services. To the extent not paid from revenue sharing payments that the plan receives from plan investment options, such amounts may be paid from a segregated account under the plan and/or may be charged against participants' accounts on a pro rata basis, per capita basis, or as a specific dollar amount subject to the terms of the plan. Any amounts assessed against your account will be disclosed on a quarterly basis. The plan's named fiduciary, or its delegee, exercises voting, tender and any similar rights associated with the plan's designated investment alternatives unless the plan offers an employer stock investment alternative. In the case of employer stock, voting rights are generally exercised based upon participant instruction.

### PARTICIPANT EXPENSES

The following expenses apply to all participants in the plan if used by the participant. If any of these expenses apply to you, they will appear on your quarterly account statement. For more information regarding these expenses please refer to your plan's summary plan description (SPD). The SPD can be obtained by contacting New York Life. Definitions of each of these expenses are included in the glossary described above and available at [mylife.jhrps.com](http://mylife.jhrps.com).

Loan Fees	\$ 100.00
Distribution Fee	\$ 75.00

## SELF-DIRECTED BROKERAGE OPTION

Your plan offers you access to a self-directed brokerage option. This account allows you to buy, sell and trade a large number of stocks, bonds, mutual funds and other types of securities. The service is offered through TD Ameritrade. TD Ameritrade typically charges a quarterly account maintenance fee to participants in addition to commissions on transactions or a markup/markdown on bond transaction prices; additional fees may apply. To the extent that TD Ameritrade charges these fees, the charges and amounts will be disclosed on your TD Ameritrade account statements. For more information about the description and amounts of applicable fees, please review the TD Ameritrade Commissions and Service Fees Schedule which is available for plan participants at [mylife.newyorklife.com](http://mylife.newyorklife.com). TD Ameritrade fees are subject to change on 30 days' notice to you. Mutual funds purchased through TD Ameritrade are subject to the fees and expenses described in the applicable prospectus.

## ABILITY TO DIRECT INVESTMENTS

You have the right to transfer into or out of any investment option in your plan at any time, provided such transfer is permitted by the investment offeror. Investment options in your plan may have implemented restrictions such as redemption fees or short-term trading prohibitions. If redemption fees apply to any of the options in this plan, those fees and the holding period required to avoid the fees will be listed in the Fees and Expenses section above. Mutual funds are not appropriate for frequent trading and most mutual funds monitor and restrict such activity. If you conduct transactions in a particular fund too often or attempt to exchange among related funds soon after purchasing, the mutual fund may restrict or deny future purchases. Please review the funds' prospectuses for more information. To change any of your investments, you can go to [mylife.jhrps.com](http://mylife.jhrps.com) at any time, or you can call us at 800-294-3575 from 08:00 a.m. to 10:00 p.m. Eastern time on New York Stock Exchange business days.
